Professional Summary

I am a front-end web developer and designer, skilled in creating captivating websites. With expertise in HTML, CSS, JavaScript, and user-centric design, I bring ideas to life, crafting seamless and engaging online experiences. My commitment to staying updated with the latest industry trends and my ability to collaborate effectively make me a valuable asset in delivering high-quality projects.

Experience

May 2023 - present
Paperclip, Srinagar, Jammu and Kashmir
Co-founder

Played an integral role in web development and entrepreneurship endeavors at Paperclip. Crafted a captivating website to deliver seamless user experiences. Contributed to strategic decision-making, driving business growth and innovation. A dynamic role that honed technical skills and fostered an entrepreneurial mindset.

Certifications

- Responsive web design - freeCodeCamp

- Microsoft Certified: Azure AI Fundamentals - Microsoft

- Foundations of User Experience (UX) Design - Coursera

- Build Wireframes and Low-Fidelity Prototypes - Coursera

- Artificial Intelligence with Python - Coincent.ai

Achievements

Smart NIT Srinagar Hackathon - National Institute of Technology Srinagar
Accomplished victory in the esteemed Smart NIT Srinagar Hackathon alongside my talented teammates Owais Shah and Ayman Makroo! Our innovative solution allowed us to stand out among top contenders. It's a testament to the power of collaboration and pushing the boundaries of technology. Grateful for this recognition and excited for what lies ahead.
